

**Annual General Meeting , June 2022**

**Ideas from CommonHealth members/ Capacity building needs from CommonHealth Members**

**Training /Capacity building**

<b>S.No</b>	<b>Name</b>	<b>Location</b>	<b>Existing engagement - Training /Capacity building</b>	<b>Support from CH/Future engagement</b>	<b>Research/Evidence generation</b>	<b>Support from CH</b>	<b>Awareness</b>
1.	ARTH	Rajasthan	<ul style="list-style-type: none"> <li>- Training community women about SRHR and providing them SRH related commodities at nominal rate</li> <li>- Training modules include topics from self pregnancy testing, contraceptive options, MHM products, safe abortion , entrepreneurship</li> <li>- Training women (10-12<sup>th</sup> pass) to become skilled health assistant (SHA) who helps women during and after pregnancy SHAs are trained in contraception</li> </ul>	Training from CommonHealth on gender and power dynamics to field staff	Documented women's experiences of using LHG-IUD and its acceptability Formative inquiry of women's voices about EC	Very few community-based studies of women's experiences of EC. Wish to collaborate with CH on this. – Multistate experience and context We have been able to successfully conduct more than 200 MTPs but no user experiences documented apart from follow up. Can work with	<p>Community awareness about contraception options, MHM products, available health services at our clinics</p> <p>Awareness on how to take care of pregnant women, importance of ANC/breastfeeding, postpartum, care and contraception</p> <p>More involvement with CH activities and how can we promote /inform local organization about its vision and mission, state level CH meetings</p>

			counselling ANC, PNC, neonatal care etc.			CH.	
2.	SAKAR, Swarupa Rani	Odisha	<ul style="list-style-type: none"> <li>- Training to women on fuel conservation/products</li> <li>- Training youth on SRHR</li> <li>- Domestic/agriculture workshops</li> <li>- Road safety training programmes</li> <li>-</li> </ul>	<ul style="list-style-type: none"> <li>- Training programmes on women's health</li> <li>- Safe motherhood/safe delivery/safe abortion</li> </ul>	<ul style="list-style-type: none"> <li>- With regard to Single women</li> <li>- Right to food and access to govt entitlements</li> <li>- Right to education</li> <li>- Right to maternal Health</li> <li>-</li> </ul>	-	<ul style="list-style-type: none"> <li>- Awareness campaigns On MH and Safe abortion</li> <li>- Advocacy at community level, district level, consultation at the state level</li> <li>- TOT to the health workers , AWWs cluster resource persons, SHG groups at local level</li> <li>- TOT to doctors</li> </ul>
3.	Hashiya	Jharkhand	<ul style="list-style-type: none"> <li>- Hashiya works closely with government medical colleges to build a rights based understanding on abortions. We have conducted sessions with 2 such medical colleges- RIMS Ranchi and Sheikh Bikhari medical college , Hazaribaug.</li> </ul>	<ul style="list-style-type: none"> <li>- It would be good if some of the doctors especially gynecologist could attend one of</li> </ul>	<ul style="list-style-type: none"> <li>- Participating in CH's women centred maternal Health discourse</li> <li>- Evidence on knowledge and</li> </ul>	<ul style="list-style-type: none"> <li>- Hashiya has a good network with some of the concerned departments such as prison dept, the legal aids</li> </ul>	-

			<p>These sessions are attended by doctors from departments , students and ASHAs. We held a webinar with 200 FLWs in collaboration with the NHM</p> <ul style="list-style-type: none"> <li>- Future plans- to extend these sessions to the other govt. medical colleges in Jharkhand and gradually help them collaborate with the local sadar hospitals to work on availability of abortion services, IEC material , staff trainings.</li> </ul>	<p>these sessions and provide feedback on how to improve</p> <ul style="list-style-type: none"> <li>- Apart from working with FLWs and other health workers in the public healthcare , Hashiya also provides trainings to the staff members of grassroots organizations</li> </ul>	<p>attitudes of govt health worksr on abortion rights through pre and post tests during sessions on the subject with government medical colleges in Jharkhand</p> <ul style="list-style-type: none"> <li>- We hope to conduct research with custodial institutions on the abortion rights of inmates. Government funded shelter homes for</li> </ul>	<p>aids cell , mental hospitals such as central institute of of psychiatry and RINPAS , Ranchi, the child welfare community etc. If Hashiya gets mentoring and funding support from CH, it would be able to do some ground breaking work on this extremely important issue.</p>	
--	--	--	---	--	--	---	--

				<p>working closely with women</p>	<p>women and girls , mental hospitals and prisons can be part of this research. In my knowledge no such work has ever been done anywhere with this population , invisibilising them further</p>	<p>Hashiya has specifically been engaging on this issue keeping in mind this one shelter home for girls (6-18 yrs) run by the prison department where we have seen extremely young and frail girls carrying pregnancies to term for lack of choice. The babies are also severely malnourished at</p>	
--	--	--	--	-----------------------------------	---	--	--

						<p>birth. The superintendant of the home is a kind and helpful lady but refrains from taking action for fear of repercussions. The clause of guardian consent in case of minors is especially damaging such scenarios where the only guardian in picture is the head of the institution, who is either</p>	
--	--	--	--	--	--	--	--

						unwilling to extend choice because of personal bias or lack of information, or afraid because of absence of clear guidelines providing impunity.	
4.	Wavye Foundation		Wavye foundation conducted a session with grassroots women activists from Dalit, tribal and Muslim communities covering 10 states of India	In-depth session by CH on maternal health, reproductive health and safe abortion (preferably in person) to grassroots women activists who are trainers of wayve foundation and members of national council of owmen	Wavye foundation is doing case studies and follow up of cases sexual violence against women and girls from marginalized communities in five states (Gujarat, Maharashtra, UP, Odisha and Bihar)	1. Bring the component of reproductive health and safe abortion within the research on sexual violence through CH (develop questionnaire)	To disseminate awareness material created by CH on MH, safe abortion and reproductive health in certain districts of Gujarat, odisha, Chattoshgarh, UP, Haryana, H.P, and Punjab by organizing meetings, and workshops with support from CH

				<p>leaders. This would be national level training with 40-50 participants</p> <ul style="list-style-type: none"> <li>- Need printing training material in Hindi, Gujarati, Marathi, Oriya and English</li> </ul>		<p>2. Build up our work on maternal health and reproductive health through research in certain pockets of UP, Gujarat, Haryana, H.P, Chattisgarh, Odisha) through the support of CH</p>	
5.	GNVP, Patna Bihar		<p>GNVP has vast experience in training on</p> <ul style="list-style-type: none"> <li>- Training of youth friendly health services to ASHAs, ANM, MOIC and Mos</li> <li>- Training of adolescent girls and boys on reproductive health</li> <li>- Training to</li> </ul>	<ul style="list-style-type: none"> <li>- GNVP wants to conduct trainings on capacity of 18-24yrs on safe abortion</li> <li>- Need</li> </ul>	<p>GNVP has worked on:</p> <ul style="list-style-type: none"> <li>Study on safe abortion</li> <li>Study on PCPNDT</li> <li>Study on maternal health and domestic violence (during pregnancy)</li> <li>gender based</li> </ul>	<p>GNVP wants to conduct a study on safe abortion facilities , situational analysis of system of govt of Bihar, reachable services for community and gaps. It seeks financial</p>	<p>Previously worked on issues:</p> <ul style="list-style-type: none"> <li>Awareness on MH/reproductive health/Family planning</li> <li>GNVP wants to work with CH on safe abortion advocacy with women, and issues of MH in the community</li> </ul>

			<p>community groups (18-24 yrs women) on maternal health</p> <ul style="list-style-type: none"> <li>- Training to young people on SRH and child marriage</li> <li>- Training to adolescent girls on RHK emotional intelligence (Mental health)</li> <li>- Training on family planning to ASHAs/ANMs/champion of FP</li> </ul>	financial support	<p>violence)</p> <p>Study on family planning(budget vs expenditure of state health society , Bihar)</p> <p>Study on child marriages</p>	support from Commonhealth.	Needs financial support
6.	RPES, SSWS, NEWS, CSER, Haryana	North	<ul style="list-style-type: none"> <li>- Training of PRIs functionaries</li> <li>- Trainings of village resource persons (women) of MGREGA in Rohtak and Jhajjar</li> </ul>	- IEC material in Hindi	<p>Study on HIV/AIDS behaviour mapping</p> <p>Casestudy on labor, voting patterns , CPRs</p>	<p>Mapping of access points for Safe abortion and cases of abortion in the last one year in Rohtak, Jind, Amritsar</p> <p>Study of knowledge of youth about SRHR/government schemes and entitlements</p> <p>Need support – mapping tools and financial support for fieldwork</p>	<p>Currently involved in training SHGs in livelihood, MH in Rahtak and Sonapat</p> <p>Youth in Educational institutes regarding career, aneamia, Health and hygiene, nutrition in Rohtak, Rewari, Jhajjar, Sonapat, Jind and Amritsar</p> <p>Proposed: Sage abortion access points in Rohtak and Jhajjar dist, different villages,</p>

7.	Archana Janganwar, Mahila Rajsatta Andolan	Maharashtra	<ul style="list-style-type: none"> <li>- Training on abortion and rights with SHGs, panchayat meetings, school teachers</li> </ul>	-	-	-	-
8.	AHSAN foundation	J and K	<ul style="list-style-type: none"> <li>- We have organized dozens of trainings for youth particularly for girls regarding maternal health, Safe abortion and blood donation</li> <li>- Have organized hundreds of awareness camps of different department including maternal health, safe abortion and free medicines from government</li> </ul>	<ul style="list-style-type: none"> <li>- We would like to organize more trainings at the district level with Health service providers, new CH members, volunteers, ASHAs, NGOs and local health workers</li> <li>- Need funding</li> </ul>	Our organization did research in 5 districts (Budgam, Srinagar, Anantnag, Leh, Ramban) regarding health facilities ie. Availability of health centres, staff, blood bank, free medicines, maternal health services, availability of gynaecologists, awareness on govt schemes	<p>Due to lack of funding the research was not completed in all the districts so I would like to continue this in other districts with support from CH.</p> <p>In this research we found lack of staff members particularly gynecologist, staff nurses and there were no availability of blood banks in districts. As far as medicine is concerned, only a few free medicines are provided to patients</p>	We would like to organize a campaign related to maternal health, safe abortion programme and importance of blood donation during the pregnancy particularly in labor. Need support from CH.

				support
